CONSTRUCTION ADVISORY Weeks of April 25 and May 2

30th Street utility work complete north of Gateway Road

All utility work is now complete north of Gateway Road. New storm sewer and water pipelines were placed underneath 30th Street and the area has been backfilled. Wildcat Construction is preparing the roadbed for new curb and gutter in advance of asphalt paving in May. Grading work continues near the future Gateway Road roundabout at the entrance to the Garden of the Gods Park.

(FONTANERO STREET TO MESA ROAD)**
CONSTRUCTION ACTIVITY UPDATE
APRIL 2022

New Foothills Trail underpass beneath Gateway Road taking shape

The new Foothills Trail underpass will provide a continuous multi-use trail connection underneath Gateway Road. The underpass will improve pedestrian safety with direct access between the Visitor Center and popular trails on the north side of Gateway to Rock Ledge Ranch and the Park overflow parking lot on the south.

While the concrete walls continue curing, crews are preparing to pour the wingwalls and top of the underpass during the week of April 25. Completing the underpass is a major milestone and a necessary step to advance the reconstruction of Gateway Road.

These photos show extensive rebar framing for the concrete wingwalls. These wingwalls are part of the earth retaining system adjacent to the box culvert underpass.

For the weeks of April 25 and May 2 construction activities planned

- Starting roundabout construction at the 30th Street and Gateway Road intersection
- Complete Foothills Trail underpass construction at Gateway Road
- Prepare 30th Street north of gateway Road for concrete curb and gutter
- Continue full road closure of 30th Street between Gateway and Mesa Roads [View the detour route](#)

In addition to the full road closure of 30th Street between Gateway and Mesa Roads, occasional lane or shoulder closures are possible within the work zone. As needed, flaggers will assist with traffic control. General work hours are Monday through Friday from 7 a.m. to 5 p.m. Occasional extended work hours or weekend work may be allowed for specific and necessary construction activities.

Reminder! Pedestrian Work Zone Safety

The project requires several temporary trail closures and detours near the Garden of the Gods Park entrance. All trail users should follow construction signs and crew instructions. Staying out of active work zones and away from heavy equipment are important for everyone's safety.

30th Street Corridor Project Schedule

- Contractor Selected (Wildcat Construction): August 2021
- Construction Began: October 22, 2021
- Construction Completion: Fall 2023 (Weather dependent)

Funding

- Design funded by City Public Works capital funds
- Construction funded primarily from The Federal Surface Transportation Block Grant Program
